

VidCast Datasheet

1. Incomplete data, not every row has a Username, User Tag, File Location, Stream Date, Followers or Video Duration.
2. The followers are named as well as numbered. We need to make this uniform to use this information.
3. There are spelling errors throughout the datasheet, as well as slang used: "Hoops" as well as "basketball" in the same user tag.
4. Stream dates are in different formats with numbers as well as month names and in dd/mm/yyyy and mm/dd/yyyy format.
5. Video Duration is in different formats.
